

# JOURNEY THROUGH READING

# Chinese Community Book Selection

Bayside Libraries will be hosting a new community initiative to involve Chinese speaking residents in selecting Chinese language materials for the library's collection.

Participants will be provided a list of fiction, non-fiction, heritage texts and materials from a diverse range of Chinese-speaking regions.

They will be able to review the materials and provide feedback to library staff, including the recommendation of additional titles. These recommendations will help strengthen the library's multilingual and Chinese collections. The sessions will take place:

**Saturday 28 March 2026, 11am - 3pm**  
**Rockdale Library**

**Saturday 11 April 2026, 11am - 3pm**  
**Eastgardens Library**

Bookings are not required.
